

Atlas

Atlas wall sconce combines a classic form with modern functionality. The minimal silhouette is defined by a delicate arched link rising from the conical form. Both eye-catching yet unobtrusive, the lightweight construction gives the pendant a weightlessness in any space. Radiating long-lasting bright luminescence from a hand-blown opal glass dome, the Atlas sconce has a brushed finish with integrated LED light source.

Atlas comes in a range of configurations, please visit the Jordan website for more details.

Finishes

- Black Anodised
