10 $4-3$	11 $2+3$	12 $13-8$	13 $8+6$	14 $10-9$
9 $11+3$	8 $5-2$	7 $19-7$	6 $3+16$	5 $20-8$
START	1 $6-5$	2 $6+9$	3 $13-4$	4 $14+5$

# Snakes & Ladders Maths Game

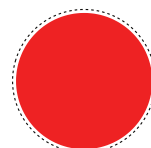

Instructions:

- 1) Print out your Snakes & Ladders board.
- 2) Cut out your counters below.
- 3) Place your counters on start.
- 4) Roll a die.
- 5) Move your counter that many spaces.
- 6) If you get the math sum correct, you can stay! If you are not correct, you must move back and correctly answer the sum on that space to stay.
- 7) Once you have correctly answered a sum and won the chance to stay on that place, the next player must roll the die and repeat.
- 8) If you land on a ladder, climb up. If you land on a snake, slide down.

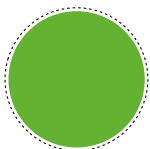

The first one to the FINISH wins.
