# DIY Handprint Xmas Tree Ornament

If you fancy creating your own Christmas decorations for your Tree why not try this simple salt dough recipe!

Mix together 2 cups of flour and 1 cup of salt slowly mixing in 1 cup of water. Once well mixed let sit for 20 minutes, then knead (for 10 min).

Next flatten & cut out the shape of each ornament.

Then press your hand in to the dough to make handprint. Remember to make a hole at the top for string to go through (Can use a straw).

When you're finished making your ornaments set them in the oven at 170 degrees for 3 hours.

Lastly add string through hole and paint them!
