# What You Will Need:

- Marbles
- Toilet Paper Cardboard - 5 or 6
- A3 or A1 Card  
(large enough to make a marble run)
- Tape

# Step By Step Guide:

1. Start by cutting your toilet roll cardboards in half so they create a slide for the marbles to run down
2. You should have created 10/12 slides once all your cardboard is cut in half
3. Begin by placing one at the top of your card at a slight tilt, facing to the right and tape it down
4. Place another one next to it carrying on downwards
5. You want to place your next slide underneath but pointing in the opposite direction, to the left
6. Make sure all your cardboard is taped securely
7. You should start to create levels so the marbles can fall down from top to bottom effortlessly
