

Makita®

1-3/4" SDS-MAX ROTARY HAMMER

ANTI-VIBRATION TECHNOLOGY FOR INCREASED END-USER COMFORT

2-Mode Operation "Hammering with Rotation & Hammering Only" for Multiple Applications

Electronic Speed Control Reduces Speed Loss when Working in Heavy Applications to Ensure Maximum Productivity

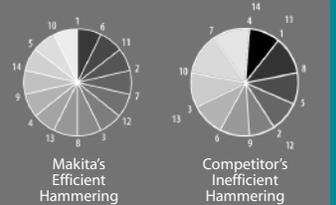

Extended Service Life of Carbon Brushes is Greater than Twice that of Competitive Models

INNOVATION

AVT (Anti-Vibration Technology) active dynamic vibration absorber ensures extra-low vibration performance

POWER

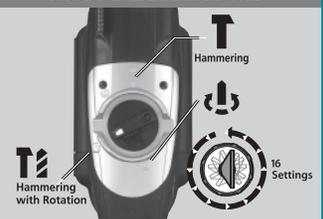

Synchronized RPM and BPM prevents overlapping impacts for up to 50% more efficient drilling

PERFORMANCE

Electronic variable speed control by dial as well as L.E.D. lights that indicate brush wear and electrical circuit problems

CONVENIENCE

16 chisel angle settings allows user to adjust based on the application

Model
HR4510C

AVT
Anti Vibration Technology

FOR PROFESSIONAL USE ONLY

1-3/4" SDS-MAX ROTARY HAMMER

Model HR4510C

FEATURES & BENEFITS

- Powerful 13.5 AMP motor; 1,250-2,750 BPM to handle the most demanding jobs
- 2-mode operation "hammering with rotation & hammering only" for multiple applications
- Electronic variable speed control allows user to set the speed based on the application
- Extended service life of carbon brushes is greater than twice that of competitive models
- One touch sliding chuck for easy bit installation and removal
- Built-in torque limiter ensures stable torque control

STANDARD EQUIPMENT

- Side handle (151769-0)
- D-handle (471003-1)
- Depth gauge (321248-4)
- Tool case (158275-6)
- Bit grease (181573-3)

SPECIFICATIONS

Capacity: Concrete (w/core bit)	5"
No load speed	130-280 RPM
Blows per minute	1,250-2,750
Impact energy	12.5 J
AMPS (110V)	13.5
Overall length	18"
Bit type	SDS-Max shank
Net weight	18.5 lbs.
Shipping weight	33.0 lbs.
UPC	088381-084994

OPTIONAL ACCESSORIES

SDS-Max Bits - 4 Cutter

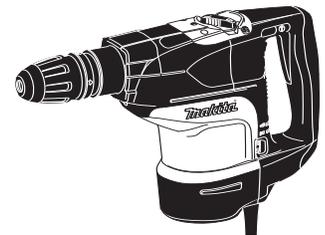

- 4-Cutter technology for reduced friction and rapid dust removal
- Central guiding action for accurate holes
- Constructed to reduce vibration and noise emissions
- Made of the highest quality chrome-nickel-molybdenum steel
- Special impact-grade carbide

1 Pc. Heavy-Duty Core Bits

- For use in reinforced and non-reinforced concrete, block, brick, etc.
- Specially designed carbide tip geometry for increased penetration
- Core body length: 6"
- Usable drilling depth: 4-3/8"

Model HR4510C

Makita offers a wide variety of ROTARY HAMMER accessories. For a complete listing, please refer to the Makita General Catalog, or visit our website at makitatools.com, or call 1-800-4MAKITA.

All specifications subject to change without prior notice. All models and accessories subject to stock on hand.
NTF-0308-5M MA-0228-08 For more information, call 1-800-4MAKITA or visit makitatools.com
