

The Mobility Mount is designed to create a waterproof seal and protect against water ingress when permanently mounting to wood, fiberglass, metal, plastic and slotted rails on vehicle racks. The Mobility Mount features stainless steel fasteners, which are corrosion resistant to support harsh environments. This durable and versatile mount also supports an 8 degree mounting angle to maintain a signal during extreme and wet weather conditions.

Compatibility:

Starlink Standard, Starlink Enterprise

Kit Contents:

Mobility Mount, Screwdriver, 4x Bolts, 4x Nyloc Nuts, 4x Lag Screws, 4x Sealing Washers
