

# THROUGH LOVE QUILT

by Taren Studios

## TIPS FOR USING PRECUT STRIPS

QUILT SIZE  
64" X 78"

### QUILT SUPPLIES

- 1 roll of 2½" ombré or print strips\*
- 1¾ yards of white fabric
- 2¼ yards of black fabric
- ¾ yard binding
- 4 yards backing - horizontal seam(s),  
5 yards backing - vertical seam(s),  
or 2½ yards of 108" wide

*\*Note: We substituted 2½" ombré strips for the Fabric 1 yardage in the pattern.*

1. Follow the instructions by Taren Studios to make your Through Love Quilt. We chose to substitute 1 roll of 2½" ombré strips in place of Fabric 1. If you choose to use precut 2½" strips, you will need 23 strips for this project. The remaining strips can be set aside for another project.
2. Choose the darkest and/or brightest colors from your roll of 2½" strips.
3. For ombré strips: Use the lightest parts of the strips for the 2 strips cut to 2½" x 9½" rectangles. These will be used to form the letter "E" and will help provide contrast with the background.
4. The strips that need to be cut 40½" can be folded in the center and trimmed 20¼" from the fold or sewn into the quilt and trimmed after the quilt top is complete.
5. Label each unit as you go for easy assembly when you complete the quilt top.
